

Ajay Gouda

Senior Software Engineer / Full stack Engineer

+91 98210 17345 | ajaygouda10@gmail.com

PROFESSIONAL SUMMARY

Sr. Software Engineer (UI) with 12+ years of experience designing and developing scalable, high-performance applications. Skilled in **JavaScript (ES6+)**, **React.js**, **Next.js**, **Angular**, and **TypeScript**, with expertise in state management (**Redux**) and modern UI libraries (**Styled Components**, **MUI**, **Tailwind**). Strong background in **UI/UX** design, performance optimization, and building **responsive**, accessible applications across **Finance**, **Retail**, and **E-commerce** domains. Experienced in **Adobe Experience Manager (AEM) Front-End development** and **Edge-Delivery Services (EDS)**. Adept at component architecture, **headless CMS** integration, and cloud-based deployments (Vercel), delivering clean, user-focused solutions aligned with business goals.

TECHNICAL SKILLS

JavaScript (ES6+), React, Next Full Stack, MERN Stack, Angular, jQuery, TypeScript, Passport, Bootstrap, Angular Material, MUI, MongoDB, Tailwind, HTML 5, CSS 3, SASS, NPM, Storybook, Styled Components, Git, AG Grid, Restful API, GraphQL, JWT, OAuth 2.0, Responsive, Cross-Browser Compatibility, AEM Frontend, EDS, Headless CMS, Jam stack, Cloudinary, Netlify, Vercel, Contentful, Strapi, Azure, DevOps, CICD, Agile, Micro Frontend architecture (Module federation), Python, Fast API, RAG, Lang chain, Hugging face, LLM Integration.

DESIGN SKILLS

UX Design, UI Design Interaction design, Wireframing, Typography, Prototyping, User-Centred Design, Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, Adobe Premiere, Adobe After Effects

WORK EXPERIENCE

Senior Consultant

Vation Digital | Bengaluru, India | Mar 2025 - Present

- Working knowledge of **Adobe Experience Manager (AEM) front-end development** using **HTL (Sightly)**, including creating reusable components for content-driven applications.
- Build scalable front-end apps with **React**, **Angular**, **JavaScript**, **TypeScript**, **SCSS**, **Styled Components**, **Storybook** and **Tailwind**.
- Integrated **REST APIs**, ensuring **100% cross-browser compatibility** and responsive design.
- **Optimized performance** and collaborated in an **Agile environment** using **Jira**.
- Developed E-commerce POC (**Cloudinary**, **Strapi** on **Render**, **Next.js** on **Vercel**).
- Built real-time chat App POC with **Next.js full stack**, **MongoDB**, **Cloudinary**, and **WebSocket**.
- Hands-on experience creating POCs using AEM Edge Delivery Services (**EDS**).
- Built a **MERN** stack POC with **GraphQL**, virtual scrolling, and **JWT** auth via **HTTP-only cookies**.
- Developed AI-driven Test case generation flow using **LLMs**.
- Created RAG pipeline using **FastAPI** for routing, **FAISS** for vector search, **LangChain** orchestration, **HuggingFace** embeddings, and **LLMs** for intelligent query answering.
- Delivered enterprise-scale solutions for clients including **Code and Theory**, **Adobe**, **Infosys**, and **ABB**.

Senior Software Engineer

Orion Innovation | Mumbai, India | May 2022 - Feb 2025

- Developed scalable front-end applications for projects including BDMP, Auvnir, and other finance projects using **JavaScript**, **TypeScript**, **React**, **Angular**, **HTML5**, **CSS3**, **SCSS**, **MUI**, and **AG Grid**.
- Integrated REST APIs and built responsive, cross-browser financial dashboards.
- Experienced in **Agile/Scrum** with sprint planning, stand-ups, and code reviews.
- Worked in **Azure cloud** environments with **DevOps** practices and **CI/CD pipelines**.
- Customized **MUI** themes and **Typography** per project requirements.

- Built **Generic API** utilities for reusable data fetching.
- Used **TypeScript** to define strong data models for type safety.
- Mentored junior developers on coding standards and project practices.

Senior UI/UX Developer

PM AM Corporation | Mumbai, India | May 2021 - May 2022

- Built front-end solutions for **CRM, HCM**, and Retail apps using **HTML, SCSS, JavaScript, jQuery, React**
- Designed **wireframes, prototypes, and high-fidelity mock-ups** in **Figma** to streamline user flows
- Ensured **cross-browser compatibility** and fully responsive UI across devices.
- Leveraged modern **UI/UX** design practices to enhance performance and usability.

UI/UX Developer

Pioneer Informatics India Pvt. Ltd. | Mumbai, India | Nov 2015 - May 2021

- Collaborated with team members to deliver high-level **UI/UX** experiences.
- Designed and developed **user-centric** features for mobile (iOS/Android), web and tablet applications.
- Built solutions for Retail, Restaurant, Doctors' apps, Static Websites, and Kiosk platforms.
- Utilize **HTML5, CSS3, JavaScript, jQuery, Bootstrap**, and **SCSS** to create, maintain, and improve web applications.
- Ensured **cross-browser compatibility and responsive design** across devices.

UI/UX Designer

Arigel Software | Navi Mumbai, India | July 2014 - Oct 2015

- Translate user requirements into engaging, highly usable digital experiences.
- Collaborate with team members to enhance product experiences.
- Focus on improving product **usability** and **design**.

CERTIFICATIONS

Graphic Design - St. Angelo's COMPUTER EDUCATION

UI Developer - Infinitetech Training Institute

EDUCATION

Yashwantrao Chavan Maharashtra Open University

Bachelor of computer applications (BCA)

INTERESTS

I enjoy staying active through sports such as **Cricket** and **Volleyball**, which help me build **teamwork, strategy**, and focus outside of work. I also have a keen interest in exploring new things—both within the computer world and beyond—which keeps me curious and continuously learning.
